PUBLIC HEALTH AGENCY *of* CANADA

ENCORE WEBINAR

Refugee Health

The Government of Canada is currently in the process of welcoming 25,000 Syrian refugees by the end of February 2016. This is an enormous effort, involving all levels of government, and spanning many sectors. We know that many health care providers are already seeing an influx of Syrian refugee patients, and have questions or wish to share their observations. The Public Health Agency of Canada recognizes that health care providers across the country are important partners, both in addressing the health needs of our new population, and in identifying health trends. **Please share broadly.**

Tuesday, February 16, 2016 1 p.m. EST: Caring for Syrian Refugees: Overview of the Canadian Context

This webinar will feature a presentation by immigration health expert Dr. Kevin Pottie who will provide an overview of the general health needs of Syrian refugees, and related guidelines. Dr. Pottie is the lead author on the recently published Canadian Medical Association Journal article *Canadian Guidelines for Immigrant Health*.

COMING SOON: Mental and Psychosocial Health Needs of Syrian Refugees

To attend the webinar you need to follow these three steps:

STEP ONE:

Register in advance here:

<https://gts-ee.webex.com/gts-ee/onstage/g.php?d=552577176&t=a>

Event password: refugees

STEP TWO:

You will receive an email confirmation with a personalised link for you to join the webinar and dial-in instructions to join the teleconference to hear the presentations. **Save that email until the day of the webinar.**

STEP THREE:

On the day of the webinar, click the link on the confirmation email to watch the webinar. To hear the presentations, **you must dial in to the teleconference number provided.**

To be removed from our webinar invitation list, reply to this email with your request.

***HELP**

To participate in a webinar you will need access to a computer with an internet connection to watch the presentation, and a phone to listen to the presenters.

Space is limited so to be sure you can access the webinar you must register in advance. Click the link provided on the invitation, click **REGISTER** on the webpage, and then enter the required registration information. The link in the invitation is only for registrations - you cannot access the webinar on the day of the event by using this link.

Once you have registered, you will receive an email about how to access the webinar. Be sure to save this email until the day of the webinar. **The email will contain a link so you can access the webinar online, and dial-in information will be provided so you can hear the presentations over a teleconference.**

A webinar may have different call-in numbers for English and French participants. Please make sure you call your language of choice when dialling.

If none of these instructions help and you can't access the webinar you can contact WebEx Technical Support at 1-800-226-6338. Please be sure you have registered before calling. If you have a problem during the webinar you can send a message to the moderator using the chat function on the screen.

We do our best to make sure each webinar is approximately 60 minutes in duration including time for questions and answers.
