

## Regional Executive Director

### Victorian Order of Nurses for Canada (VON Canada)

Location: London, ON

VON is Canada's longest-serving not-for-profit home and community health care charity delivering a wide range of vital health, wellness and end-of-life support services to more than 10,000 people in Ontario and Nova Scotia every day. Together with its 6,400 employees and 6,200 volunteers, VON helps Canadians stay healthy, live well and remain active. VON supports those in frail and failing health and with clients and their families, contributes to the health and improved quality of life of Canadians in their homes and communities, where they want to be.

Reporting to the Senior Vice President, Home & Community Care for VON Canada, you will be part of a strong provincial executive team while leading a regional team. In this role, you will provide leadership to an empowered team of managers who are responsible for integrated staff teams of health professionals who are providing excellent Home Care and Community Support Services.

As Regional Executive Director, you will build strategic alliances and work with local management teams to enhance relationships with the LHINs, the MOHLTC, Regional Health Authority and District Community Corporations. Collaborating with other provincial Regional Executive Directors, you will create and deliver a regional plan that has an aligned provincial and national focus while supporting organizational plans and VON strategic priorities. This position will be based in London, Ontario, and will require travel across sites and the province.

The successful candidate whose personal and professional values mirror and build upon the core values of the organization for Respect, Compassion and Excellence, must have a Master's degree in Nursing, Health Care Administration, Business Administration or equivalent as well as experience and proven success in managing and leading people and programs in the health care sector. The Regional Executive Director must also have successful track record in community development, financial, and human resources management, and volunteer board development. You will possess a toolkit for supporting a growing organization and a successful track record of business development in the health sector and working with health funders. Your success will also be contingent on your demonstrated business acumen in managing teams to maximize productivity and site profitability.
